June 15, 2024

CEGEP decisions for Round 3 are posted on [admission.sram.qc.ca](https://admission.sram.qc.ca)

---

The dates indicated in bold are important because they must absolutely be respected. No exceptions will be made once the deadline has passed.

Applications that have not been completed by the deadline are automatically carried forward to the next round. In this case, there is a chance that no places will be available in the program initially chosen. As such, it is very important to check if there are any places remaining in the next round and exactly how many are left. If there are no places left, you will be required to modify your choice before the round's deadline and, of course, complete your application.

If you receive a decision indicating that you are admitted (mettre l'icône admis dans admission.sram), the CEGEP will then contact you to provide information on important dates for registration. These dates must absolutely be respected. Otherwise, you risk losing the place that was attributed to you during the admission process.

### International applicants

The following deadlines apply to international applicants submitting an application for admission:

<b>Important dates for admission to the Fall semester</b>
---

--

Example for an international application for the Fall 2024 semester

Beginning of the admission period	<b>March 15</b> of the year preceding the fall of admission	March 15, 2023
Deadline	<b>March 14</b> of the same year as the fall of admission	March 14, 2024

<b>Important dates for admission to the Winter semester</b>
---

Example for an international application for the Winter 2025 semester

Beginning of the admission period	<b>September 1</b> two years before the winter of admission	September 1, 2023
Deadline	<b>August 31</b> of the year preceding the winter of admission	August 31, 2024

CEGEP's decision will be posted in your [online file](#). Incomplete applications will not be sent to CEGEPs for evaluation. If you receive a decision indicating that you are admitted, the CEGEP will then contact you to provide information on important dates for registration. These dates must absolutely be respected. Otherwise, you risk losing the place that was attributed to you during the admission process.
